

## Report Instructions — Spring 2026 (Season 26a)

This document explains the reports available for the Spring 2026 season. All coaches should already have received the **Accessing Spring 2026 Reports.pdf** file and shared it with their teams. A copy of that PDF — along with these instructions — is also available in the reports folder when opened in your default browser.

If you prefer to skip the instructions, the [NSL26a-Reports](https://nslgames.com) link is also available near the top of <https://nslgames.com>.

=====

## What You Will Find in the Reports Folder

The folder contains several important document files, including:

- **Accessing Spring 2026 Reports**
- **Coach Instructions**
- **Frequently Asked Questions (FAQ)**
- **Report Instructions**

These PDFs are instructions for coaches, team captains, bowlers, and anyone else with access.

- Directory.pdf 04/12/2026 02:01 PM

The one at the bottom, **Directory**, is an hourly update (8am to 8pm) showing all participating communities and the number of teams with scores posted **last week** and **so far this week**, as of the timestamp in the upper-right corner. All coaches responsible for posting scores should routinely review this report to make sure scores they posted have been imported.

Color coding:

- **Green** — all teams posted scores on time
- **Yellow** — a community missed last week’s posting deadline

This is the quickest way for coaches to confirm whether their community is fully up to date.

Available each Saturday after a week is completed. Now, teams earn points towards their conference championship, earning +2 for each of the two games and +1 for the two-game total. This report shows the following for the previous week:

- Prior week average, scratch scores, and scores with handicap added
- Conference points earned this week, total so far, and update conference rank
- Updated average with the new scores, updated division based on updated average, and division rank

Note: Conferences will display a "Provisional" advisory if any team shows zero points due to missing late scores. Monday 3pm those are converted to missing bowler scores for the team.
